to be held on May 10, 2023

In addition, unless the context otherwise requires, references to “stockholders” are to the holders of our common stock, par value \$5.00 per share.

This proxy statement is being furnished in connection with the solicitation of proxies by our Board for use at the Annual Meeting of the Stockholders to be held on Wednesday, May 10, 2023, at 1:00 p.m., Central Time, at Squire Creek Country Club, 289 Squire Creek Parkway, Choudrant, Louisiana 71227, and any adjournments or postponements thereof for the purposes set forth in this proxy statement and the related notice of the Annual Meeting. Important Notice Regarding the Availability of Proxy Materials for the 2023 Annual Meeting of Stockholders to be Held on May 10, 2023

Pursuant to rules promulgated by the SEC, we have elected to provide access to our proxy materials, including this proxy statement and our annual report to stockholders for the fiscal year ended December 31, 2022, over the Internet. Accordingly, we are providing our stockholders with a Notice of Internet Availability of Proxy Materials (the “Notice”) instead of a paper copy of our proxy materials. The Notice contains instructions on how to access our proxy materials and how to vote your shares, as well as instructions on how to request a paper or e-mail copy of our proxy materials. We believe this electronic distribution process expedites stockholders’ receipt of proxy materials and reduces the environmental impact and cost of printing and distributing our proxy materials. We mailed the Notice on or about March 28, 2023, to all stockholders of record entitled to vote at the Annual Meeting at the close of business on March 20, 2023. You should read our entire proxy statement carefully before voting.

ABOUT THE ANNUAL MEETING

VOTING INFORMATION AND QUESTIONS YOU MAY HAVE

The information provided in the “question and answer” format below is for your convenience only and is merely a summary of the information contained in this proxy statement. You should read this entire proxy statement carefully.

What is the Purpose of the Annual Meeting?

Matters to be Considered and Vote Recommendation

We are asking stockholders to vote on the following matters at the Annual Meeting:

Matters for Stockholder Consideration	Our Board's Recommendation
Proposal 1: Election of Directors (page 15) To elect 15 directors to serve until the next annual meeting of stockholders and until their successors are elected and qualified. Our Board believes that the 15 director nominees possess the necessary qualifications to provide effective oversight of the Company's business and quality counsel to our management.	FOR each Director Nominee
Proposal 2: Advisory Vote on the Say-On-Pay Proposal (page 92) We are seeking a non-binding advisory vote from our stockholders to approve the compensation paid to our NEOs in 2022, as described in the Compensation Discussion and Analysis section and the executive compensation tables that follow, beginning on page 66 of this proxy statement. Our Board values our stockholders' opinions and the Compensation Committee will take into account the outcome of the advisory vote when considering future executive compensation decisions.	FOR
Proposal 3: Ratification of Independent Registered Public Accounting Firm (page 94) The Audit Committee and the Board believe that the continued retention of FORVIS, LLP, formerly BKD, LLP, to serve as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2023, is in the best interests of the Company and its stockholders. As a matter of good corporate governance, our stockholders are being asked to ratify the selection of FORVIS, LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2023.	FOR

Stockholders will also transact any other business that may properly come before the Annual Meeting or any adjournment or postponement thereof.

When and Where Will the Annual Meeting Be Held?

The Annual Meeting is scheduled to take place at Squire Creek Country Club, 289 Squire Creek Parkway, Choudrant, Louisiana 71227, at 1:00 p.m., Central Time, on Wednesday, May 10, 2023.

Who Are the Nominees for Directors?

Please see *Director Nominees* section under *Proposal 1: Election of Directors* in this document for further information.

Who is Entitled to Vote?

Holders of record of our common stock at the close of business on the Record Date, March 20, 2023, may vote at the Annual Meeting. At the Record Date, we had 30,780,853 shares of common stock outstanding. In deciding all matters at the Annual Meeting, each stockholder will be entitled to one vote for each share of common stock held by such stockholder on the Record Date. We do not have cumulative voting rights for the election of directors.

What Constitutes a Quorum for the Annual Meeting?

The holders of at least a majority of the outstanding shares of common stock entitled to vote on the Record Date must be represented at the Annual Meeting, in person or by proxy, in order to constitute a quorum for the transaction of business.

What is the Difference Between a Stockholder of Record and a “Street Name” Holder?

If your shares are registered directly in your name with EQ Shareowner Services, the Company’s stock transfer agent, you are considered the stockholder of record with respect to those shares. The Notice and, if requested, any printed copies of the proxy materials, including any proxy cards or voting instructions, are being sent directly to you by EQ Shareowner Services at the Company’s request.

If your shares are held in a brokerage account or by a bank, broker or other nominee, the nominee is considered the stockholder of record of those shares. You are considered the beneficial owner of these shares, and your shares are held in “street name.” The Notice and, if applicable, any printed copies of the proxy materials, including any proxy cards or voting instructions, are being forwarded to you by your nominee. As the beneficial owner, you have the right to direct your nominee on how to vote your shares.

How do I Vote?

You may vote your shares of common stock either in person at the Annual Meeting or by proxy. The process for voting your shares depends on how your shares are held, as described below.

Shares Registered in Your Name

If you are a stockholder of record on the Record Date for the Annual Meeting, you may vote by proxy or you may attend the Annual Meeting and vote in person. If you are a record holder and want to vote your shares by proxy, you have three ways to vote:

- **Via the Internet:** You may vote your proxy over the Internet by visiting the website www.proxypush.com/obnk. Have the Notice or, if applicable, the proxy card that may have been provided to you in hand when you access the website and follow the instructions for Internet voting on that website.
- **Via Telephone:** To vote over the telephone, dial toll-free 1-866-883-3382 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the control number from the Notice.
- **Via Mail:** If you request a paper copy of the proxy materials by mail, you may vote by indicating on the proxy card(s) applicable to your common stock how you want to vote and signing, dating and mailing your proxy card(s) in the enclosed pre-addressed postage-paid envelope as soon as possible to ensure that it will be received in advance of the Annual Meeting.

Please refer to the specific instructions set forth in your Notice or proxy card for additional information on how to vote. Voting your shares by proxy will enable your shares of common stock to be represented and voted at the Annual Meeting if you do not attend the Annual Meeting and vote your shares in person.

If voting via mail, the Company must receive your proxy via mail no later than May 9, 2023, to be counted at the Annual Meeting. If voting shares of common stock held in our 401(k) plan, you must vote via Internet or telephone by no later than 11:59 p.m., Central Time, on May 7, 2023. If voting shares of common stock held in our 401(k) plan via mail, the Company must receive your proxy via mail no later than May 7, 2023, to be counted at the Annual Meeting.

Shares Registered in the Name of a Broker or Bank

If your shares of common stock are held in “street name,” your ability to vote depends on your bank, broker or other nominee’s voting process. Your bank, broker or other nominee should provide you with voting instructions and materials to vote your shares. By following those voting instructions, you may direct your nominee on how to vote your shares. Without instructions from you, your bank, broker or other nominee will be permitted to exercise its own voting discretion with respect to the ratification of the appointment of FORVIS, LLP, formerly BKD, LLP, (Proposal 3), but will not be permitted to exercise voting discretion with respect to any of the other proposals being voted on at the Annual Meeting.

To vote the shares that you hold in “street name” in person at the Annual Meeting, you must bring a legal proxy from your broker, bank or other nominee (i) confirming that you were the beneficial owner of those shares at the close of business on the Record Date, (ii) stating the number of shares of which you were the beneficial owner that were held for your benefit on the Record Date by that broker, bank or other nominee and (iii) appointing you as the record holder’s proxy to vote the shares covered by that proxy at the Annual Meeting. If you fail to bring a nominee-issued proxy to the Annual Meeting, you will not be able to vote your nominee-held shares in person at the Annual Meeting.

What is a Broker Non-Vote?

A broker non-vote occurs when a bank, broker, or other nominee holding shares of common stock for a beneficial owner does not vote on a particular proposal because such nominee does not have discretionary voting power with respect to that proposal and has not received voting instructions from the beneficial owner.

Your broker has discretionary authority to vote your shares with respect to the ratification of the appointment of FORVIS, LLP, formerly BKD, LLP, as our independent registered public accounting firm for the fiscal year ending December 31, 2023 (Proposal 3). In the absence of specific instructions from you, your broker does not have discretionary authority to vote your shares with respect to any other proposal.

May I Change My Vote After I Have Submitted a Proxy?

Yes. Regardless of the method used to cast a vote, if you are a stockholder of record, you may change your vote or revoke your proxy by:

- Casting a new vote over the Internet by visiting the website www.proxypush.com/obnk and following the instructions online or in your Notice or the proxy card that may have been provided to you before the Internet voting deadline;
- Casting a new vote by telephone by calling 1-866-883-3382 using a touch-tone phone and following the recorded instructions before the telephone voting deadline;
- Completing, signing and returning a new proxy card with a later date than your original proxy card, if applicable, no later than the deadline, and any earlier proxy will be revoked automatically; or
- Attending the Annual Meeting and vote in person, which would revoke any earlier proxy. However, attending the Annual Meeting in person will not automatically revoke your proxy unless you vote again in person at the Annual Meeting.

How Will My Shares Be Voted if I Return a Signed and Dated Proxy Card, but Do Not Specify How My Shares Will Be Voted?

If you are a stockholder of record who returns a completed proxy card that does not specify how you want to vote your shares on one or more proposals, the proxies will vote your shares for each proposal as to which you provide no voting instructions, and such shares will be voted in the following manner:

Proposal 1	FOR the election of all of the nominees for director;
Proposal 2	FOR, on an advisory basis, the Say-On-Pay Proposal;
Proposal 3	FOR the ratification of the appointment of FORVIS, LLP, formerly BKD, LLP, to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2023;

If you are a “street name” holder and do not provide voting instructions on one or more proposals, your bank, broker or other nominee will be unable to vote those shares on any of the proposals except to vote on the ratification of the appointment of FORVIS, LLP, for the fiscal year ending December 31, 2023 (Proposal 3).

What Are My Choices When Voting?

With respect to all proposals you may vote “For” or “Against” or you may “Abstain” from voting.

What Percentage of the Vote is Required to Approve Each Proposal?

The affirmative vote of a majority of the votes cast by the holders of shares entitled to vote at the Annual Meeting is required for (i) the election of the director nominees (Proposal 1), (ii) the approval, on a non-binding basis, of our Say-On-Pay Proposal (Proposal 2), and (iii) the ratification of FORVIS, LLP's appointment as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2023 (Proposal 3). A majority of the votes cast shall mean that the number of shares that voted “For” the election of a director or a proposal, as applicable, exceeds the number of shares voted “Against” that director or proposal, as applicable.

How Are Broker Non-Votes and Abstentions Treated?

Broker non-votes and abstentions are counted for purposes of determining the presence or absence of a quorum. A broker non-vote or an abstention with respect to (i) the election of the director nominees (Proposal 1), (ii) the approval, on a non-binding basis, of our Say-On-Pay Proposal (Proposal 2), and (iii) the ratification of FORVIS, LLP's appointment as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2023 (Proposal 3), will not be counted as a vote cast either “For” or “Against” such proposals.

Are There Any Other Matters to Be Acted Upon at the Annual Meeting?

Management does not intend to present any business at the Annual Meeting for a vote other than the matters set forth in the Notice, and management has no information that others will do so. The proxy also confers on the proxies the discretionary authority to vote with respect to any matter properly presented at the Annual Meeting. If other matters requiring a vote of our stockholders properly come before the Annual Meeting, it is the intention of the persons named in the accompanying form of proxy to vote the shares represented by the proxies held by them in accordance with applicable law and their judgment on such matters.

Where Can I Find Voting Results?

We will publish the voting results in a current report on Form 8-K, which will be filed with the SEC within four business days following the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the Annual Meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

What Are the Solicitation Expenses and Who Pays the Cost of this Proxy Solicitation?

Our Board is asking for your proxy, and we will pay all of the costs of soliciting proxies from our stockholders. We have engaged D.F. King & Co., Inc. to solicit proxies for us. We have agreed to reimburse D.F. King for reasonable expenses. In addition to the solicitation of proxies via mail, our officers, directors and employees may solicit proxies personally or through other means of communication, such as electronic mail, without being paid additional compensation for such services. The Company will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses incurred in forwarding the proxy materials to beneficial owners of the Company's common stock.

How Can I Communicate with the Board?

Our Board welcomes suggestions and comments from stockholders and has adopted a formal process by which stockholders may communicate with our Board or any of its directors. Stockholders who wish to communicate with our Board may do so by sending written communications addressed to Origin Bancorp, Inc., 500 South Service Road East, Ruston, Louisiana 71270, Attn: Corporate Secretary, or via e-mail at corpsecretary@origin.bank. Stockholder communications will be sent directly to the specific director or directors of the Company indicated in the communication or to all members of our Board if not specified. All communications (other than commercial communications soliciting the sale of goods or services to, or employment with, the Company or directors of the Company) will be directed to the appropriate committee, the Chairman of the Board, the Lead Independent Director, or to any individual director specified in the communication, as applicable. In addition, all stockholders are encouraged to attend the Annual Meeting where senior management and representatives from our independent registered public accounting firm, as well as members of our Board, will be available to answer questions.

Why did I Receive a One-Page Notice in the Mail Regarding the Internet Availability of Proxy Materials Instead of Printed Proxy Materials?

In accordance with rules promulgated by the SEC, instead of mailing a printed copy of our proxy materials to all of our stockholders, we have elected to provide access to such materials to our stockholders over the Internet. Accordingly, on or about March 28, 2023, we mailed a Notice of Internet Availability of Proxy Materials to all stockholders of record on the Record Date entitled to vote at the Annual Meeting. Stockholders will have the ability to access our proxy materials on the website referred to in the Notice. The Notice also contains instructions on how to vote your shares, as well as instructions on how to request a paper or e-mail copy of our proxy materials. We encourage you to take advantage of the availability of the proxy materials over the Internet to help reduce the environmental impact and cost of printing and distributing our proxy materials.

How Can I Get Electronic Access to the Proxy Materials?

The Notice provides you with instructions regarding how to:

- View our proxy materials for the Annual Meeting over the Internet;
- Vote your shares after you have viewed our proxy materials (including any control/identification numbers that you need to access your form of proxy);

- Obtain directions to attend the Annual Meeting and vote in person;
- Request a printed copy or e-mail copy with links to the proxy materials, including the date by which the request should be made to facilitate timely delivery; and
- Instruct us to send our future proxy materials to you by mail or electronically by e-mail.

Will I Receive any Other Proxy Materials by Mail (Besides the Notice)?

If you request paper copies of our proxy materials by following the instructions in the Notice, we will send you our proxy materials, including a proxy card, in the mail.

What Should I Do if I Receive More Than One Set of Voting Materials?

You may receive more than one set of voting materials, including multiple copies of the Notice or other proxy materials, including multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive separate voting instructions for each brokerage account in which you hold shares. Similarly, if you are a stockholder of record and hold shares in a brokerage account, you may receive a proxy card for shares held in your name and voting instructions for shares held in “street name.” To ensure that all of your shares are voted, we encourage you to respond to each set of voting materials that you receive.

COMMITMENT TO SUSTAINABILITY

Origin is a financial holding company headquartered in Ruston, Louisiana. Our wholly-owned bank subsidiary, Origin Bank, was founded in 1912. Our vision is to combine the power of trusted advisors with innovative technology to build unwavering loyalty by connecting people to their dreams. Our mission is to passionately pursue ways to make banking & insurance more rewarding for our employees, customers, communities & shareholders. We’ve helped people, small businesses, and large companies grow and prosper throughout Louisiana, Texas and Mississippi — and continue to do so.

Environmental, Social and Governance (“ESG”) Oversight

The Board and its committees ensure that ESG principles are integrated into our business strategy in ways that optimize opportunities to make positive impacts while advancing long-term goals. We are committed to conducting our business in a safe, environmentally responsible, and sustainable manner. We appreciate the unique contributions of each individual employee, and we are fully committed to providing a culture of respect, equity, diversity, and inclusion.

Our Board recognizes the importance of these responsibilities, and this year, we have established an internal cross-functional working group that is tasked with driving additional progress in the initiatives that promote sustainability and further transparency. Our Board oversees these ESG efforts, led by our Nominating and Corporate Governance Committee, including the production of our Sustainable Accounting Standards Board (SASB) Report as well as the ESG/Human Capital Management (HCM) summaries included in this proxy statement and our annual report.

Our senior leadership team is tasked with driving results in these areas given the strategic importance of ESG. We believe in focusing our efforts on where we can have the most impact. Against this backdrop, we have determined that our ESG areas of focus include: (1) Environmental Responsibility (2) Social Impact, and (3) Culture of Governance.

Environmental Responsibility

We embed the principles of advancing a circular economy into our practices through green investments and long-term implementation of new technologies. We are devoted to operating our business in a sustainable manner and have undertaken a number of initiatives designed to reduce our impact on the environment and to promote environmentally friendly projects and practices. With a view to increasing efficiency and reducing waste, we are continuing to digitize manual back office and financial center functions. In 2022, we:

- encouraged environmentally friendly work practices by supporting the recycling of plastic, glass, and paper and utilizing collection bins for batteries, aluminum toner cartridges, and computer hardware.
- offer filtered water refill stations for employees at majority of our locations.
- increased the use of e-records and e-signing technology, resulting in paper waste and carbon emissions reduction, including utilizing digital solutions such as mobile/online banking, eStatements, electronic bill pay, and remote deposit capture.
- continued to migrate technology infrastructure to a cloud environment, reducing energy usage, and accordingly, our carbon footprint.

Origin is constantly improving its operations to proactively find more efficient and effective ways to ensure our long-term success. Through our modernization efforts, we strive to do our part in offsetting negative impacts on the environment. We continue to evaluate green equipment for office use such as Energy-Star® appliances, motion detector lighting, as well as high-efficiency HVAC units. Beginning in 2018, we commenced a project to retrofit our offices with LED lighting, which decreased our electricity usage (kWh) by roughly 29% or 2,000,000 kWh. Currently, most of Origin's total office space utilizes LED lighting. Additionally, select office locations are LEED certified. This certification, awarded by the U.S. Green Building Council, is based on the properties' use of sustainable materials, water and energy efficiency, indoor environmental quality, location and transportation, and overall innovation.

Origin complies with applicable legal and regulatory requirements to control and reduce its environmental footprint. We are committed to making the necessary investments in systems and technology to ensure compliance and to meet or exceed these standards. Although Origin does not currently incorporate specific aspects of our environmental policy into our credit analysis, we do actively seek business partners that align with our values and long-term sustainable goals.

We believe that our focus on environmental sustainability, with the objective of reducing costs and improving sustainability of our operations will provide a strategic benefit. Furthermore, we recognize that climate change is a growing risk for our planet, and we are committed to doing our part to mitigate this risk by placing increased focus and emphasis on environmental responsibility.

Social Impact

At Origin, everything we do matters: that's the difference. Our outlook shapes our culture and our culture shapes our outlook. Together, they create success. And passion succeeds at Origin Bank. Making a difference for our customers starts with setting an example through our own actions. We employ proven, knowledgeable team members with extensive expertise when it comes to our banking and insurance activities. Each member of our Origin team brings their own personal experiences and interests to inform the service they provide. In return, we learn from our customers and use this new understanding to go out and improve the places we call home.

One of our core values is *genuine respect for yourself and others*. This value makes the support of diversity, equity and inclusion a natural fit for our culture and essential to the way we conduct business, foster individual and team enrichment, and participate in our communities. We believe it is only with a diverse, equitable, and inclusive workplace that the organization can truly perform at its best, carry out its vision, and make a difference in the communities we serve. In 2023, Origin Bank announced our newly formed *Diversity Council*, which consists of 18 diverse employees that will collectively advance our Diversity, Equity, and Inclusion efforts in a way that makes a difference within our workplace and in the communities we serve. We believe all employees should be given opportunities to perform to their full potential, knowing their performance will be measured and rewarded fairly.

Diversity & Inclusion

Our commitment to Diversity & Inclusion starts with our goal of attracting, retaining and developing a workforce that is diverse in background, knowledge, skill and experience. Origin is committed to providing equal employment opportunities, and makes all recruiting, payment, performance and promotion decisions based on merit, without discrimination on the basis of gender, sexual orientation, age, family status, ethnic origin, nationality, disability or religious belief.

Origin is committed to improving workforce diversity at all levels of the organization and providing equal opportunity in all aspects of employment. In 2022, the Company continued to make progress toward attracting and retaining a diverse workforce. In order to support and live our culture, the Company's talent acquisition team attends job fairs that attract ethnically and culturally diverse employees. We also have engaged a third-party workforce development company that utilizes a connected system of job recruiting sites that post our employment opportunities with various groups that include, but are not limited to the following: veterans, LGBTQ-identifying individuals, individuals with disabilities, minorities and women, professional and industry organizations, skilled trade associations and college students.

In addition, we have a formal internship program that is designed to develop a strong pool of diverse candidates through on-campus recruiting with local colleges and universities including local Historically Black Colleges and Universities (HBCUs). We continue to utilize VIBE Central in Workday. VIBE stands for Value, Inclusion, Belonging and Equity. This allows senior leaders in our organization to set goals and monitor progress by assessing, measuring, benchmarking, and managing diversity and inclusion by the dimensions of their choice, such as race/ethnicity and gender.

In 2022, we surveyed our employees in regards to diversity, equity and inclusion. Nine out of ten responses in the survey exceeded the benchmarks of Glint's top 10% of global companies. One initiative that was launched based on the results of the survey was the formation of a Diversity Council. The Council consists of 18 diverse employees who will collectively advance our diversity, equity, and inclusion efforts in a way that makes a difference within our workplace and in the communities we serve.

Our team members form deeper relationships with those around them based on mutual respect, dignity and understanding. The Company has non-discrimination and anti-harassment policies as outlined in our Employee Handbook. These policies drive a workplace and workforce that embraces the highest ethical and moral standards. Furthermore, all employees participate in diversity training and managers have additional, in-depth training on recognizing unconscious biases and access to micro learning lessons every week to help respond to current needs around diversity and inclusion. In 2022, we began offering a program called *Blue Ocean Brain* to our managers which supports our endeavor to reimagine diversity and inclusion training in the workplace and provides our employees with diverse learning and career development programs.

Origin has been recognized as a "Best Bank to Work For" by *American Banker* magazine for ten consecutive years and was named the 2nd "Best Bank to Work For" in America in 2022, which we believe is attributable to our deep commitment to corporate culture, and our focus on initiatives to support and develop our employees. This ranking is based on feedback from surveys given directly to the *American Banker* magazine from our employees.

Health & Wellness

We provide competitive compensation and benefits in order to attract and retain top talent. In addition to base pay and stock awards, we have several incentive programs which are designed to link performance to pay and drive results towards the achievement of overall corporate goals.

We are committed to our employees' mental and physical health and safety. We offer a robust benefits package which includes:

- Comprehensive medical benefits with \$0 cost options for employees
- Competitive ancillary benefits, such as dental, vision, critical illness, legal and identity theft coverage
- Company-paid short and long-term disability and life insurance
- Flexible spending accounts for both healthcare and dependent care
- Health savings accounts with Employer contributions
- 401(k) retirement savings program with company match
- Employee Stock Purchase Program
- Paid parental leave
- Employee Assistance Program which offers counseling and mental wellness appointments at no cost to the employee

Our dedicated health and safety function ensures that employees are trained on best practices to create a safe and healthy workplace for all. Over the last few years, we have expanded our work from home ("WFH") capabilities in order to allow our employees to better serve our customers while putting

safety first. We continue to focus on the mental, emotional and physical health of our employees by caring for their emotional and physical well-being. In 2021, we hired a certified Holistic Health Coach to spearhead our Health & Wellness initiatives. In addition to providing health and wellness information on a regular basis to all employees, we currently have approximately 10% of our employees working directly with our Health Coach on a personalized basis to meet their desire to be healthier.

Our Dream Manager® program assists our employees in meeting their own personal and professional goals in addition to helping them improve physically, emotionally, intellectually, and spiritually. Over 250 employees have participated in this program since 2019. We launched a nationally-recognized financial wellness program (“SmartDollar”) during 2021 that is designed to assist our employees in becoming debt-free and saving money for emergencies and retirement, empowering them to become better financially prepared for their future, which during 2022, had an over 40% participation rate. Due to our adoption rate, we won a national award in 2021 from the Dave Ramsey Foundation called the “Vision” award.

Employee Feedback

Attracting, developing and retaining talented employees is critical to our success and is an integral part of our human capital strategy. Employee feedback is highly valued at Origin and our employees provide anonymous input via quarterly surveys facilitated by Glint, a people success platform built on an approach that helps organizations increase employee engagement, develop their people, and improve business results.

Our employees consistently rank Origin in the top 10% of Glint's global customer base with regard to employee engagement and several other categories such as company culture, recognition, and communication. We regularly receive hundreds of written comments each quarter that in turn are used to improve processes, policies, or programs in an effort to show tangible affirmation of those comments. We also have continued a practice that was implemented at the beginning of the pandemic called “The Origin Insider” which does a deep dive into various Company-centric topics such as personal executive interviews, little-known departments and areas of physical and mental awareness. Additionally, we added *Take 5*, a Zoom program, designed to specifically to support WFH and remote engagement, which occurs monthly and features speakers (internal and external) for our employees on a wide range of topics promoting, among other things, employee engagement and satisfaction.

Talent Development

Talent development at Origin begins with our comprehensive recruitment program and continues throughout the employee life cycle. The Company recognizes that its success is highly dependent on its ability to attract, retain and develop our people. To foster this development, the Company engages in annual succession planning focused on building a strong, diverse talent pipeline.

We conduct regular talent succession assessments along with individual performance reviews in which managers provide regular feedback and coaching to assist with the development of our employees, including the use of individual development plans to assist with individual career development. Beginning in 2021 and continuing throughout 2022, we implemented the *Giving Interns Valuable Experience* (“G.I.V.E.”) program, and welcomed a diverse (both in gender and race) group of 27 interns from 17 different universities. More than half of the interns were in racial groups other than white. The program was successful at promoting Origin's brand and resulted in strong experiential feedback while also creating job opportunities for four of the 27 interns during 2021 and 2022.

We provide our employees and their families access to a platform called “Right Now Media at Work” which has thousands of streaming videos dedicated to both personal and professional development. This tool is used for team building as well as personal development plans.

We utilize assessment tools and provide multiple resources and venues, such as our Career Development Center, for employees to determine what career path is the best fit for them in order to help them grow and enhance their promotional opportunities. We also provide advanced development for next-generation leaders via our Leadership Academy classes, which provide structured training, collaboration with other aspiring leaders throughout the organization, and mentoring relationships. Participants in the *Origin Leadership Academy* are appointed by senior management. Our *Emerging Leaders Council* is a one-year program designed to train and develop emerging leaders in our organization. All employees are eligible to apply for participation in the *Emerging Leaders Council*. In 2021, we implemented a program called *Career Manager* which provides young professionals within our organization one-on-one time with senior leaders to enhance their career aspirations and accelerate their understanding of the business of banking. We find benefit in developing our future leaders from within and succession plans are in place for senior level positions as well as many other key leadership positions.

Community & Volunteerism

Since our inception, we have been deeply committed to building relationships and making a difference in our local communities. Investing in people, neighborhoods and local businesses is part of our mission. We strive to understand the needs of our local communities and how we can help them attain their goals and improve the quality of lives throughout Louisiana, Texas and Mississippi.

Additionally, in one specific initiative designed to help the communities we serve, our *Project Enrich* program provides employees with up to twenty hours of paid time off to volunteer in their communities. In 2022, the employees of Origin volunteered 2,874 hours in the community during working hours, not including many more on personal time outside of working hours. To supplement our volunteer work, we seek out areas where we can make an additional impact through financial donations. Our *Bank on Their Future* program was created to help provide support to local schools and thereby invest in our community's future.

Over the past several years, Origin Bank has been recognized for our commitment to our communities and our customers, including:

- United Way Circle of Honor and Gold Award
- Spirit of Giving Award
- Boys and Girls Club as well as multiple educational initiatives

We are extremely grateful for the many local non-profit organizations and are proud of our long-standing history of supporting the efforts of these organizations. Our goal is to have a positive impact on the communities we serve. We focus our philanthropic giving on initiatives that promote community and economic development, asset building, financial education, youth programs, and social impact service organizations that assist low and moderate incomes.

Culture of Governance

Origin is committed to maintaining a high-quality governing body and achieving excellence in our corporate governance practices. We emphasize a culture of accountability and strive to conduct our business in a manner that is fair, ethical and responsible to earn the trust of our stakeholders. Our Board is comprised of a majority of independent directors as defined by the Nasdaq listing standards and our Guidelines. Our corporate governance policies and practices include annual evaluations of the Board and its committees, as well as continuing director education. Our Code of Ethics ensures that our directors, officers, and colleagues comply with all applicable rules and regulations.

We implement robust risk management programs to ensure compliance with applicable laws and regulations governing ethical business practices, including our relationships with suppliers, customers and business partners, and our industry. Origin's whistleblower policy further supports our stated goals within our governance structure. Monitored by an independent third party, this program is designed to receive complaints of financial irregularities, breaches of internal controls, conflicts of interest and fraud.

We are subject to rigorous controls and audits, and our board actively oversees our cybersecurity practices. Our risk management teams ensure compliance with applicable laws and regulations and coordinate with subject-matter experts (SMEs) throughout the business to identify, monitor and mitigate material risks. We leverage the latest encryption configurations and cyber technologies on our systems, devices, and third-party connections and we further review vendor encryption to ensure proper information security safeguards are maintained.

Our IT team is available 24/7 and uses a combination of industry-leading tools and innovative technologies to help protect our stakeholder's data. Our team members are responsible for complying with our data security standards and complete mandatory annual training to understand the behaviors and technical requirements necessary to keep customer and employee data secure. We also offer ongoing education for team members to recognize and report suspicious activity.

We routinely engage with our shareholders to better understand their ESG views, carefully considering the feedback we receive and acting when appropriate.

More information about Origin's commitment to ESG matters, including policies around diversity, equity and inclusion, and our recent SASB Report, are available on Origin's website at ir.origin.bank.

PROPOSAL 1: ELECTION OF DIRECTORS

Proposal Snapshot

What am I voting on?

Stockholders are being asked to elect 15 directors to serve until the next annual meeting of stockholders and until their successors are elected and qualified. This section includes information about the Board and each director nominee.

Voting recommendation:

FOR the election of each director nominee. We believe the combination of the various qualifications, skills and experiences of each of the director nominees will contribute to an effective and well-functioning Board. The director nominees possess the necessary qualifications to provide effective oversight of our business and quality advice and counsel to our management.

Director Nominees

Based on the recommendation of the Nominating and Corporate Governance Committee of the Board, our Board, which currently consists of 15 directors, has nominated each of the 15 incumbent directors to serve as directors for a one-year term.

We seek directors with strong reputations and experience in areas relevant to the strategy, growth and operations of our businesses. Each of the nominees for director has experience that meets this objective. In their current and prior positions, each of the director nominees has gained experience in core management skills, such as strategic and financial planning, corporate governance, risk management, and leadership development. We also believe that each of the director nominees has other key attributes that are important to an effective Board, including: integrity and high ethical standards; sound judgment; analytical skills; the ability to engage management and each other in a constructive and collaborative fashion; diversity of background, experience, and thought; and the commitment to devote significant time and energy to service on our Board and its committees.

None of the director nominees were selected pursuant to any arrangement or understanding with any person. There are no family relationships among directors or executive officers of the Company. Each of the director nominees currently serving on the Board, except for Jay Dyer and Lori Sirman, were elected by our stockholders at a previous annual meeting of stockholders. Mr. Dyer and Ms. Sirman were appointed to the Board upon consummation of the Company's merger with BT Holdings, Inc. in August 2022 pursuant to the terms of the definitive merger agreement for the transaction.

Each director nominee has agreed to serve if elected, and we have no reason to believe that any of the director nominees will be unable or unwilling to serve if elected. However, if any nominee should become unable or unwilling to serve, proxies may be voted for another person nominated as a substitute by the Board, or the Board may reduce the number of directors.

Director Nominee Qualifications and Experience

The following table presents certain information with respect to the Board's nominees for director. Typically, all of the directors are elected on an annual basis at each annual meeting of stockholders. Additionally, all director nominees of the Company are also directors of the Bank, the Company's principal subsidiary for so long as they are directors of the Company.

CORPORATE GOVERNANCE

Board Leadership Structure

The Company has a policy that does not mandate the separation of the roles of CEO or President and the Chairman of the Board. Our Board believes it is in the best interest of the Company to instead make a determination regarding the separate roles of CEO, President and Chairman of the Board on a regular basis based on the position and direction of the Company and the membership composition of the Board. Our Board has determined that having our President and CEO, Mr. Mills, serve as Chairman of the Board is in the best interests of our stockholders at this time. This structure makes best use of the CEO's extensive knowledge of our organization and the banking industry. Our Board views this arrangement as also providing an efficient nexus between our management and the Board, enabling the Board to obtain information pertaining to operational matters expeditiously and enabling our Chairman to bring areas of concern before the Board in a timely manner.

Unless the Company has an independent non-executive Chairman of the Board, the Company's governance structure provides for a strong Lead Independent Director role. The Lead Independent Director must be independent under the Nasdaq rules and elected by the independent Board members. Our Board has elected James D'Agostino, Jr. to serve as the Lead Independent Director.

Our Board believes that it is able to have a thorough exchange of views or address any issues independent of the Chairman. Among other things, the Lead Independent Director is required to:

- Preside at Board meetings when the Chairman of the Board is not present;
- Establish the agenda for, and preside at, executive sessions of the non-management and independent directors;
- Receive topic suggestions from other directors to be discussed at upcoming executive sessions and facilitate discussion on key issues outside of meetings;
- Act as a liaison and facilitate communication between the Chairman of the Board and the independent directors (provided that each director shall also be afforded direct and complete access to the Chairman of the Board at any time as such director deems necessary or appropriate);
- Facilitate teamwork and communication among the independent directors;
- Approve information sent to the Board;
- Approve meeting agendas for the Board, in consultation with the Chairman of the Board;
- Coordinate the activities of non-management and independent directors, including the authority to call meetings of non-management and independent directors;
- If requested by any stockholder, ensure that he or she is available for consultation and direct communication;
- Communicate, as appropriate, with the Company's regulators;
- Regularly communicate with the Chairman of the Board on a variety of issues including business strategy and succession planning;
- Maintain close contact with the Chairs of each standing committee of the Board, and serve as an ex-officio member of each committee where he or she is not a member;

- Assist the committee Chairs in the establishment of committee agendas and schedules;
- Provide input, as needed, into the assessment of the Board committees' effectiveness, structure, organization and charters, and the evaluation of the need for changes; and
- With the Nominating and Corporate Governance Committee, coordinate the annual evaluation of the Board and committees' self-evaluations and the evaluation of the Chairman of the Board and the CEO.

Director Independence

Our common stock is listed on the Nasdaq Global Select Market ("Nasdaq"). Under Nasdaq listing standards, independent directors must comprise a majority of a listed company's board of directors. The rules of Nasdaq, as well as those of the SEC, also impose several other requirements with respect to the independence of our directors. In addition, Nasdaq listing standards require that, subject to specified exceptions, each member of a listed company's audit, compensation, and nominating and corporate governance committees must be independent.

Our Board has undertaken a review of the independence of each director and director nominee in accordance with the SEC rules and Nasdaq listing standards. Based on this review, our Board has determined that 11 of our anticipated 15 directors, or Messrs. Chu, D'Agostino, Jr., Gallot, Jr., Goff, Jones, Luffey, Malone, and Taylor and Meses. Edney, Farr and Solender, are independent as that term is defined under the SEC rules and Nasdaq listing standards. In making this determination, our Board considered the relationships that each non-employee director has with us and all other facts and circumstances that the Board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director and the transactions described under the heading "*Certain Relationships and Related-Party Transactions*" and below in "*Board Meetings and Committees—Compensation Committee—Compensation Committee Interlocks and Insider Participation*."

Governance Documents

We have a Code of Ethics and Business Conduct Policy ("Ethics Policy") in place that applies to all of our directors, officers and employees. The Ethics Policy sets forth specific standards of conduct and ethics that we expect all of our directors, officers and employees to follow, including our principal executive officer, principal financial officer and principal accounting officer. Any amendments to the Ethics Policy (other than any technical, administrative or non-substantive amendments), or any waivers of requirements thereof, will be disclosed on our website within four days of such amendment or waiver.

We have also adopted Governance Principles that set forth the framework within which our Board, assisted by its committees, directs the affairs of our organization. The Governance Principles address, among other things, the composition and functions of our Board and its committees, director independence, compensation of directors and succession planning. The Corporate Governance Principles, our Ethics Policy, and information about other governance matters of interest to investors, are available through our website at www.origin.bank by clicking on *Investors—Governance—Governance Overview*.

Director Education and Self-Assessment

Our Board believes that director education is important to enable it to most effectively perform its role of oversight of the management and affairs of the Company. Accordingly, it is our policy that new non-employee directors receive an orientation from appropriate executives regarding the Company's business and affairs at the time that the director joins our Board. In addition, within three months of election or appointment to our Board, each new non-employee director is invited to spend a day at corporate headquarters for a personal briefing by executive management on the Company's strategic plans, its financial statements, and its key policies and practices.

Directors are also provided with continuing education on subjects that would assist them in discharging their duties, including: regular programs on the Company's financial planning and analysis, compliance and corporate governance developments; business-specific learning opportunities through site visits and board meetings; and briefing sessions on topics that present special risks and opportunities to the Company. Additionally, the Company has a director education program to assist board members in further developing their skills and knowledge to better perform their duties, including presentations made via our board portal. Each director is asked to view the presentation and given an opportunity during Board meetings to ask questions. For example, in 2022, presentations on Regulation FD training and updates, insider trading training, BSA Board training, and Fair Lending training were reviewed and discussed. Additionally, courses covering topics such as Environmental, Social & Governance ("ESG"), pay vs. performance, board compensation practices, innovation and technology, 2022 banking and capital market M&A outlook, financial reporting, and modeling risk management were completed by individual directors, and Ms. Solender attended the Bank Director Conference on Compensation. Training was conducted by qualified employees regarding Diversity, Equity & Inclusion, corporate governance principles and investor relations, among other topics. In addition to presentations, our Board subscribes to bankdirector.com, and Mr. D'Agostino, Dr. Luffey and Ms. Solender have access to the National Association of Corporate Directors ("NACD"). One of our directors, Ms. Solender, has earned NACD Governance Fellow status, which requires continuing education in corporate governance.

Board Meetings and Committees

- Our Board met seven times during the 2022 fiscal year (including regularly scheduled and special meetings)
- During the 2022 fiscal year, each of the directors participated in 75% or more of the total number of meetings of the Board and the committees to which he or she was assigned (held during the period for which the relevant individual was a director)
- We expect all our directors will attend the upcoming Annual Meeting
- All of our directors attended the 2022 annual meeting of stockholders
- It is our policy to invite all directors and nominees for director to attend the Annual Meeting

The business of our Board is conducted through its meetings, as well as through meetings of its committees. Our Board has five standing committees: an Audit Committee, a Compensation Committee, a Finance Committee, a Nominating and Corporate Governance Committee, and a Risk Committee, each of which has the composition and responsibilities described below. Members serve on our committees until their resignation or until otherwise determined by our Board. The standing committees report on their deliberations and actions at each full Board meeting. Each of the committees

has the authority to engage outside experts, advisors and counsel to the extent it considers appropriate to assist the committee in its work. In the future, our Board may establish such additional committees as it deems appropriate, in accordance with applicable laws and regulations and the Company's Articles of Incorporation and Bylaws.

Risk Management and Oversight

Our Board is responsible for oversight of management and the business and affairs of the Company, including those relating to management of risk. Our Board determines the appropriate risk for us generally, assesses the specific risks faced by us, and reviews the steps taken by management to manage those risks. While the entire Board maintains the ultimate oversight responsibility for the risk management process, the Risk Committee was formed by our Board to assist in its oversight and the Board's other committees assist in oversight of risk in specific areas. In particular, the Audit Committee assists the Board in monitoring the effectiveness of the Company's identification and management of risk, including financial and other business risks. The Compensation Committee is responsible for overseeing the management of risks relating to our executive and employee compensation plans and arrangements, and periodically reviews these arrangements to evaluate whether incentive or other forms of compensation encourage unnecessary or excessive risk-taking by the Company. The Nominating and Corporate Governance Committee monitors the risks associated with the independence of our Board. The Finance Committee is responsible for, among other things, overseeing the administration and effectiveness of market and similar risks. Management regularly reports on applicable risks to the relevant committee or the full Board, as appropriate, with additional review or reporting on risks conducted as needed.

Audit Committee

The current members of our Audit Committee are Messrs. Malone (Chair), D'Agostino, Jr., Jones and Ms. Farr. Our Board has evaluated the independence of the members of the Audit Committee and has determined that (i) each of the members is independent under the applicable rules of Nasdaq, (ii) each of the members satisfies the additional independence standards under the SEC rules for Audit Committee service and (iii) each of the members has the ability to read and understand fundamental financial statements. The Board also reviewed whether any members of the Audit Committee meet the criteria to be considered a financial expert as defined by the SEC rules. Based on its review, the Board determined that Mr. Malone qualifies as an "Audit Committee Financial Expert," as defined under the applicable rules of the SEC, by reason of his prior job experience. The Audit Committee held eight meetings during the fiscal year ended December 31, 2022.

Our Audit Committee oversees our accounting and financial reporting process and the audit of our financial statements, and assists our Board in monitoring our financial systems and our legal and regulatory compliance. Our Audit Committee is responsible for, among other things:

- Selecting, engaging and overseeing the Company's independent registered public accounting firm, including preapproving all services and the fees and terms of engagement. The independent auditor reports directly to the Audit Committee;
- Overseeing the integrity of our financial statements, including the annual audit, the annual audited financial statements and financial information included in our periodic reports that will be filed with the SEC;

Our Board has adopted a written charter for the Audit Committee, which is reviewed annually and available on our website at www.origin.bank under “Investors—Governance—Governance Overview.”

Stockholder Nominees and Proposals for 2024 Annual Meeting

If a stockholder desires to submit a stockholder proposal pursuant to Rule 14a-8 under the Exchange Act for inclusion in the proxy statement for the 2024 annual meeting of stockholders, such proposal and supporting statements, if any, must be received by us at our principal executive offices, located at 500 South Service Road East, Ruston, Louisiana 71270, no later than November 29, 2023. However, if the date of the 2024 annual meeting of stockholders is changed by more than 30 days from May 10, 2024, then the deadline will be a reasonable time before we begin to send proxy materials. Any such proposal must comply with the requirements of Rule 14a-8.

Stockholder proposals to be presented at the 2024 annual meeting of stockholders, other than stockholder proposals submitted pursuant to Rule 14a-8 under the Exchange Act, for inclusion in the proxy statement (including a director nomination) for the 2024 annual meeting of stockholders must, in addition to other requirements, be in proper form and received in writing at the Company's principal executive offices no earlier than January 11, 2024, and no later than February 10, 2024. If the 2024 annual meeting is not called for a date that is within 30 days of May 10, 2024, notice must be delivered not later than the close of business on the tenth day following the date on which such notice of the date of the meeting was mailed or public disclosure of the date of the meeting was made, whichever occurs first. Please consult our Bylaws before sending in a notice as we may disregard proposals or nominations not made in accordance with the requirements in our Bylaws.

Director Nominees

Our Bylaws provide that nominations of persons for election to the Board may be made by or at the direction of our Board or by any stockholder entitled to vote for the election of directors at the Annual Meeting who complies with certain procedures in our Bylaws as described above. The Nominating and Corporate Governance Committee is responsible for identifying and recommending candidates to our Board as vacancies occur.

The Nominating and Corporate Governance Committee is responsible for monitoring the mix of skills and experience of the directors in order to assess whether our Board has the necessary tools to perform its oversight function effectively. Director candidates are evaluated using certain established criteria, including familiarity with the financial services industry, their personal financial stability, their willingness to serve on our Board and our Corporate Governance Principles. In addition, our Corporate Governance Principles indicate directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the stockholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. Although we do not have a separate diversity policy, the Nominating and Corporate Governance Committee considers the diversity of our directors and nominees in terms of knowledge, experience, skills, expertise and other characteristics that may contribute to our Board. In addition, the Company's strategic plan includes a focus on attracting Board members who represent a broad mix of skills, backgrounds and perspectives that will more closely reflect the diversity of our customer base, stockholders and communities we serve.

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director and regularly assesses the appropriate size of our Board, and whether any vacancies on our Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Committee considers various potential candidates for director.

Candidates may come to the attention of the Committee through current Board members, professional search firms, stockholders or other persons. These candidates are evaluated at regular or special meetings of the Nominating and Corporate Governance Committee and may be considered at any point during the year. The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders in the same manner as it considers candidates recommended by others, provided that such candidates are nominated in accordance with the applicable provisions of our Bylaws. Because of this, there is no specific policy regarding stockholder nominations of potential directors. At present, our Board does not engage any third parties to identify and evaluate potential director candidates.

Certain Relationships and Related-Party Transactions

Transactions by Origin Bank or us with related parties are subject to a formal written policy, as well as regulatory requirements and restrictions. These requirements and restrictions include Sections 23A and 23B of the Federal Reserve Act (which govern certain transactions by Origin Bank with its affiliates) and the Federal Reserve's Regulation O (which governs certain loans by Origin Bank to its executive officers, directors and principal stockholders). We and our wholly-owned subsidiary, Origin Bank, have adopted policies designed to ensure compliance with these regulatory requirements and restrictions. In addition, our Ethics Policy provides guidance for addressing actual or potential conflicts of interests, including those that may arise from transactions and relationships between the Company and its executive officers or directors.

We have also adopted a written Related Party Transaction Policy. Related party transactions are transactions, arrangements or relationships in which we are or will be a participant, the amount involved exceeds \$120,000 and a related party has or will have a direct or indirect material interest. Related parties include our directors (including nominees for election as directors), our executive officers, beneficial owners of more than 5% of our capital stock and the immediate family members of any of the foregoing persons.

Transactions subject to the policy are referred to the Nominating and Corporate Governance Committee for evaluation and approval. In determining whether to approve a related party transaction, the Nominating and Corporate Governance Committee will consider, among other factors:

- Whether the transaction was undertaken in the ordinary course of the Company's and the related party's business;
- Whether the transaction was initiated by the Company or the related party;
- The purpose of the transaction and its potential risks and benefits to the Company;
- In the event the related party is a director, an Immediate Family Member of a director or an entity in which a director is a partner, stockholder or executive officer, the impact on the director's independence and, if the director serves on the Compensation Committee, such director's status as a "non-employee director" under the SEC rules;
- The availability of other sources for comparable products or services;
- The approximate dollar value of the transaction and the amount and nature of the related party's interest in the transaction; and
- The terms of the transaction and whether the proposed transaction is proposed to be entered into on terms no less favorable than the terms available to unrelated third parties or to employees generally.

Our Related Party Transactions Policy is available on our website at www.origin.bank under "Investors Governance —Governance Overview."

General

In addition to the relationships, transactions and the director and executive officer compensation arrangements discussed under "Director Compensation," "Executive Compensation" and "Compensation Committee Interlocks and Insider Participation," the following is a description of transactions since January 1, 2022, including currently proposed transactions, to which we have been or will be a party in which the amount involved exceeded or will exceed \$120,000, and in which any of our directors (including nominees), executive officers or beneficial holders of more than 5% of our capital stock, or their immediate family members or entities affiliated with them, had or will have a direct or indirect material interest. We believe the terms and conditions set forth in such agreements are reasonable and customary for similar transactions.

Ordinary Banking Relationships

Certain of our officers, directors and principal stockholders, as well as their immediate family members and affiliates, are customers of, or have or have had transactions with, Origin Bank, us or our affiliates in the ordinary course of business. These transactions include deposits, loans, mortgages and other financial services transactions. Related party transactions are made in the ordinary course of business, on substantially the same terms, including interest rates and collateral (where applicable), as those prevailing at the time for comparable transactions with persons not related to us, and do not involve more than normal risks of collectability or present other features disproportionately unfavorable to us.

At December 31, 2022, we had approximately \$76.2 million of loans outstanding to our directors and officers, their immediate family members and their affiliates, as well as those of Origin Bank, and we had approximately \$2.6 million in unfunded loan commitments to these persons. At December 31, 2022, no related party loans were categorized as nonaccrual, past due, restructured or potential problem loans. We expect to continue to enter into transactions in the ordinary course of business on similar terms with our officers, directors and principal stockholders, as well as their immediate family members and affiliates.

Key Compensation Committee Actions in 2022

The Compensation Committee took several actions which are consistent with our determination to pay for performance and align our incentive compensation metrics to key strategic initiatives.

- **Reviewed and Recommended Updates to Director Compensation:** Based upon benchmarking data provided by Meridian, the Committee recommended an increase in both cash and stock compensation for directors which was later approved by the Board of Directors.
- **Approved New Executive Stock Ownership Guidelines:** The Compensation Committee approved executive Stock Ownership Guidelines, which are designed to encourage executive share ownership and align the interests of our executives with those of stockholders.
- **Developed a Long-Term Incentive Compensation Strategy:** The Compensation Committee approved the re-design of the Company's long-term incentive (“LTI”) compensation strategy to enhance the alignment our LTI compensation practices with prevailing market practice and with stockholders’ interest. Under the re-designed Long-Term Incentive Program (“LTIP”), we added a performance-based equity grant. Specifically, in 2022, we granted to our executive officers performance-based equity grants in the form of Performance Stock Units (“PSUs”) and restricted stock units (“RSUs”), of equal value. In prior years, we granted 100% RSUs to our executive officers.
- **Established a Nonqualified Deferred Compensation Plan:** The Committee recommended and the Board approved the adoption of a Nonqualified Deferred Compensation Plan. Under the Nonqualified Deferred Compensation Plan, executives may elect to defer receipt of salary, bonus and/or stock units beginning in January 2023.
- **Recommended a One-Time Equity Grant for the CEO:** After thorough consideration and extensive input from outside counsel as well as our compensation consultants, the Committee recommended and received approval from the Board to make a one-time equity grant for the CEO in the form of RSUs and PSUs, of equal value. Both the RSUs and PSUs vest over a seven-year service period with the PSUs also requiring significant share price appreciation in order to be earned and vested. Please see *CEO One-Time Special Equity Award* discussion starting on page 60 of this proxy statement for additional details regarding this grant.

Executive Compensation Philosophy

The quality and loyalty of our employees, including our executive team, is critical to executing our community banking philosophy. In order to attract and retain highly qualified and loyal employees, we feel it is important to motivate and reward these executives for high levels of performance that contribute to long-term shareholder value. Therefore, our compensation programs are designed using the following principles:

- We are committed to providing compensation and benefit programs that are highly competitive within our industry and with other relevant organizations with which we compete for talent.
- Our compensation programs are designed to encourage and reward behaviors that contribute to the achievement of strategic organizational goals and stockholder value.
- We are committed to providing a work culture that promotes respect, integrity, teamwork, inclusion, equity, initiative, and individual growth opportunities, which are reinforced throughout our compensation programs and practices.

Compensation Best Practice

Our executive compensation program incorporates many strong governance practices as shown below:

WHAT WE DO	WHAT WE DON'T DO
<ul style="list-style-type: none"> • Tie a substantial portion of executive compensation to Company performance goals in both short and long-term compensation 	<ul style="list-style-type: none"> • No "excise tax gross-ups" in the event of a CIC.
<ul style="list-style-type: none"> • Engage with an independent compensation consultant that provides recommendations and advice to the Compensation Committee 	<ul style="list-style-type: none"> • No repricing of stock options without stockholder approval.
<ul style="list-style-type: none"> • Conduct an annual risk review of incentive plan compensation to ensure our plans do not create risks that are likely to have a material adverse impact 	<ul style="list-style-type: none"> • No hedging of Company stock is allowed, and the pledging of Company stock is discouraged.
<ul style="list-style-type: none"> • Maintain a clawback policy for incentive compensation 	<ul style="list-style-type: none"> • No excessive perquisites.
<ul style="list-style-type: none"> • Require executives and directors to maintain meaningful stock ownership 	<ul style="list-style-type: none"> • No dividends paid on equity unless and until the units are fully earned and vested.
<ul style="list-style-type: none"> • Utilize minimum vesting periods of at least 3 years for equity awards, with 3 year cliff vesting for most performance-based equity awards 	

Say-On-Pay and Stockholder Outreach

At our annual meeting of stockholders in April 2022, stockholders signaled their support for our executive compensation program where 91.8% of the total votes cast approved our 2022 Say-On-Pay proposal. The Compensation Committee considered this vote as demonstrating strong shareholder support for our overall executive compensation program, and therefore, did not make any significant changes to the program in 2022 in connection with the vote outcome.

Role of Compensation Committee, Compensation Consultant and CEO

Role of the Compensation Committee

The Compensation Committee has overall responsibility for the design, implementation and administration of compensation and benefits programs for our executive officers and directors. The Committee develops and periodically reviews the Company's overall compensation philosophy and strategy, including (a) establishing appropriate levels of compensation, (b) determining the appropriate mix between fixed versus incentive compensation and short-term versus LTI compensation, and (c) attracting, retaining and incenting highly qualified executive officers within the context of the Company's corporate culture. In addition, the Committee annually approves the CEO's compensation, and in conjunction with the CEO, reviews the compensation of the other NEOs and executive officers.

Role of the Compensation Consultant

For 2022, the Compensation Committee engaged Meridian Compensation Partners ("Meridian"), an independent executive compensation consultant, to provide advice and relevant market benchmarking regarding executive and director compensation.

Meridian continues to serve as a trusted advisor to the Compensation Committee in areas such as pay philosophy, prevailing market practices, shareholder interests and relevant regulatory mandates. Meridian's services for 2022 included:

- Review of long-term equity incentive market trends and practices as well as recommendations regarding annual LTIs and stock ownership guidelines for executives and directors,
- Providing recommendations on the Company's peer group for compensation purposes,
- Review of CEO, executive and director compensation compared to peer group market benchmarks,
- Providing an overview of relevant regulatory updates,
- Benchmarking, technical advice and guidance related to the one-time special equity grant awarded to Mr. Mills in 2022, and
- A review of the Compensation Discussion and Analysis section of this document.

The Committee assessed Meridian's independence in accordance with SEC rules and Nasdaq listing standards to determine that the services Meridian provides are independent and did not present any conflict of interest. Meridian did not provide any other services or products to the Company other than those services provided to the Compensation Committee.

Role of CEO

Our CEO performs an annual performance review of executive officers of the Company and provides a recommendation to the Compensation Committee regarding the compensation of each executive. The CEO is present for the Compensation Committee's deliberations and decisions with respect to the other executive officers' individual compensation.

The Compensation Committee meets separately on an annual basis with our CEO to discuss his compensation and performance based on the CEO's annual incentive plan objectives. The Compensation Committee meets in executive session to approve the final incentive payout recommendation for the CEO and presents the incentive payout to our Board for review.

Competitive Benchmarking and Compensation Peer Group

The Compensation Peer Group is updated annually by the Compensation Committee. When making decisions in regards to the Peer Group, the Compensation Committee relies on competitive market data and input from our compensation consultants and management. Selection factors for the group also include asset size, industry and geographic region.

The Compensation Committee approved the following 2022 Compensation Peer Group, which consists of 19 companies with a median asset size of approximately \$11.3 billion at the time of selection.

Discussion of Executive Compensation Components

Our goal is to provide executives with a total compensation package that is highly competitive with the market, aligns pay and performance, encourages executives to remain with the organization and helps to drive the Company to desired levels of performance. The following table outlines the major elements of 2022 total compensation for our NEOs:

Compensation Element	Objectives
Base Salary	<ul style="list-style-type: none">Reward executives for their level of experience, responsibility and individual performanceHelp attract and retain strong leadership talent
Annual Cash Incentives	<ul style="list-style-type: none">Promote achievement of our annual financial goals, as well as other objectives deemed important to our long-term successDrive creation of long-term shareholder valueAlign management and stockholder interests
Annual PSU and RSU Awards	<ul style="list-style-type: none">Promote ownership and achievement of our long-term corporate financial goalsAlign management with stockholder interestsProvide long-term retention incentives
Severance and CIC Programs	<ul style="list-style-type: none">Create an environment where key executives are able to take actions in the best interest of the Company without incurring undue personal riskFoster management stability during periods of potential uncertainty

Target Compensation Opportunities

The Compensation Committee does not utilize an exact calculation in determining the break-down or weighting of NEO compensation among base salary, short-term incentive awards, and long-term equity awards. Rather, the Compensation Committee considers all forms of compensation in light of the market competition for executive talent balanced with and considering the need to align the goals of the executive with those of the Company. Accordingly, the Compensation Committee believes that a significant portion of each NEOs' total target compensation (i.e., sum of base salary, target annual incentive and target value of equity awards) should be in the form of annual cash performance-based awards and annual equity awards that align with long-term value creation.

For 2022, 50.0% and 46% of the total targeted compensation of our CEO and other NEOs, respectively, was either performance-based or at-risk consisting of a short-term incentive and equity awards. Below are charts showing the compensation mix for Mr. Mills and our other NEOs based on their respective 2022 total target compensation values.

Base Salary

The Compensation Committee established the CEO's 2022 base salary based on the CEO's performance, experience, effective execution of strategic objectives, level of responsibilities and peer group market data. The CEO's base salary remained unchanged from 2021. To reflect competitive market levels and, in the case of Mr. Hall, to reflect his significant responsibilities, the Compensation Committee approved base salary increases for Messrs. Brolly, Hall and Moore.

Name	2022 Base Salary \$	2021 Base Salary \$	Percentage Change %

William Wallace, IV ⁽¹⁾	475,000	N/A	N/A

⁽¹⁾ Mr. Wallace and Mr. McGee were not NEOs during 2021.

Short-Term Incentive Plan

The Short-Term Incentive Plan (“STIP”) for 2022 was designed (i) to motivate executives to attain superior annual performance in key areas we believe create long-term value to Origin and its stockholders and (ii) to provide incentive compensation opportunities competitive with the Compensation Peer Group.

The Compensation Committee reviews and approves STIP goals each year with input from management. For 2022, the Compensation Committee approved the following STIP performance measures: (i) financial measures (weighted 75%) which were comprised of four objective performance goals and (ii) individual and strategic scorecard measures (weighted 25%), which were comprised of strategic priorities applicable to each NEO. The financial metrics were more heavily weighted than scorecard metrics to reflect the Company’s focus on profitability, credit quality, and growth.

The Compensation Committee establishes a target annual incentive award for each NEO expressed as a percentage of the executive’s base salary, established by factors such as: the estimated contribution and responsibility of the NEO, Peer Group market practices, internal equity and the recommendation of the CEO (for all officers excluding himself).

The 2022 STIP target annual incentive award opportunities as a percentage of base salary for each of the NEOs are shown below.

Name/Position	STIP Opportunity Levels as a % of Base Salary		
	Threshold %	Target %	Maximum %
Drake Mills, CEO	25.0	50.0	75.0
William Wallace, IV, CFO ⁽¹⁾	20.0	40.0	60.0
M. Lance Hall, President ⁽²⁾	25.0	50.0	75.0
Stephen Brolly, CAO (former CFO)	17.5	35.0	52.5
Derek McGee, CLC ⁽¹⁾	25.0	50.0	75.0
Preston Moore, CC & BO	17.5	35.0	52.5

(1) Mr. Wallace and Mr. McGee were not NEOs during 2021.

(2) 2022 threshold, target and maximum STIP opportunity levels were reevaluated based on Peer Group market data and changed from 20%, 40% and 60%, respectively.

The total annual STIP award paid to each NEO was determined based on the extent to which financial goals and scorecard goals were achieved with potential payouts ranging from 50% to 150% of each NEO’s target annual incentive award opportunity. There are no payouts for below-threshold performance. Performance between payout levels (i.e., threshold, target and maximum) is calculated using straight line interpolation.

For the 2022 STIP, the Compensation Committee selected the following financial metrics: (i) pre-tax, pre-provision (“PTPP”) ROAA, excluding BT Holdings, (ii) net income, excluding BT Holdings, (iii) non-performing assets to loans held for investment (“LHFI”), excluding BT Holdings and Paycheck Protection Program loans (“PPP”), as defined in the STIP and (iv) net charge-offs to average LHFI, excluding PPP, as defined in the STIP. These metrics were chosen by the Committee based on their importance to overall financial performance. Individual scorecard objectives were updated in 2022 to reflect each NEO’s strategic priorities.

The following table provides the calculations the Compensation Committee used for the 2022 financial STIP metrics.

LTI Plan

We believe an appropriate mix of performance based and time based equity compensation rewards executives for performance results while aligning the interests of our executives with those of our stockholders. Additionally, equity awards provide executives the opportunity to increase their ownership in the Company and provide a retention vehicle through the use of a multi-year vesting period. The Compensation Committee worked with our compensation consultants to develop a long-term equity strategy for our NEOs and other key executives which meets these objectives.

The Compensation Committee approved the re-design of the Company's LTI compensation strategy to enhance the alignment our LTI compensation practices with prevailing market practice and with stockholders' interest. Under the re-designed LTI program, we added a performance-based equity grant. Specifically, in 2022, we granted to our executive officers performance-based equity grants in the form of Performance Stock Units ("PSUs") and equity awards in the form restricted stock units ("RSUs"), of equal value. In prior years, we granted 100% RSUs to our executive officers.

The Compensation Committee set each NEO's 2022 LTI target award value based on Peer Group market data. The target LTI values in the table below are based upon the December 31, 2022, target opportunities and estimate the number of shares attained using the Company's December 31, 2022, closing stock price.

Performance Based Awards:

In 2022, the Compensation Committee approved the grant of PSUs to each NEO who was hired prior to the grant date. The PSUs are linked to the achievement of ROAA and ROAE against predetermined performance goals over the three-year performance period ending December 31, 2024. ROAA and ROAE were chosen as financial metrics because the Committee believes these are strong indicators of our performance over a longer period of time. ROAA and ROAE are equally weighted. The respective performance goals are based on a 3-year average calculation for each performance measure, with a range of 85% to 115% of target. Depending on achieved performance, a NEO may earn between 50% and 150% of his or her target PSUs. If threshold performance is not achieved with respect to one of the performance metrics, no payout is made for that performance metric.

The table below shows the threshold, target and maximum performance goals with respect to each performance metric:

3-Year Absolute Goals Beginning in January 2022				
Metric	Weighting	Threshold (50% payout) %	Target (100% payout) %	Maximum (150% payout) %
ROAA	50	1.02	1.20	1.38
ROAE	50	9.91	11.66	13.41

Payouts will be interpolated on a straight-line basis between the above described payout levels. The number of PSUs earned and vested at the end of the three-year performance period will be paid in a like number of shares of our common stock.

2022 Restricted Stock Units

In 2022, the Compensation Committee approved the grant of RSUs to each NEO, which vest ratably over a three-year period. Generally, a NEO must be continuously employed by the Bank through each vested date; otherwise, the unvested portion of the NEO's RSU award will be forfeited. The number of RSUs which vest on each vesting date will be paid in a like number of shares of our common stock.

CEO One-Time Special Equity Award

On December 7, 2022, the Compensation Committee and the independent members of the Board approved a special, one-time stock award to our CEO (the "One-Time Award") in the form of 129,736 restricted stock units ("CEO RSUs") and 129,735 performance units ("CEO PSUs"), with an aggregate value of \$10 million. This One-Time Award became effective on December 13, 2022, (the "Grant Date"). In exchange for the One-Time Award, Mr. Mills agreed to a 2-year non-competition covenant, in addition to the standard non-solicitation of customers and employees covenant included in the Company's form of award agreement. In determining the necessity for, and the size and structure of, the One-Time Award, the Compensation Committee and the independent members of the Board thoroughly reviewed the relevant market benchmarks prepared by the Compensation Committee's independent advisors and considered, among other factors, the following: (i) the significant value expected to be generated for stockholders if the performance goals underlying the CEO PSUs are achieved; (ii) the value of other stock awards currently held by Mr. Mills; (iii) Mr. Mills' contributions and demonstrated leadership for the successful execution of the Company's growth strategy;

(iv) an independent valuation analysis of the two-year non-competition covenant; and (v) the critical importance of retaining Mr. Mills.

The CEO RSUs vest in five approximately equal installments on each of the third, fourth, fifth, sixth and seventh anniversaries of the Grant Date, subject to Mr. Mills' continued employment with the Company on each respective vesting date, or upon the earlier occurrence of Mr. Mills' death, disability, termination of employment without cause or resignation for good reason. In the event of a CIC in which the surviving Company does not assume the outstanding Award granted or does not substitute equivalent equity awards, the Award will become fully vested.

The PSUs are eligible to vest based on achievement of five pre-established stock price hurdles (each, a "Stock Price Hurdle") during the seven-year performance period (the "Performance Period") ending on December 31, 2029. Achievement of each Stock Price Hurdle requires substantial and sustained growth in the Company's stock price, with each Stock Price Hurdle representing a twenty percent (20%) price appreciation over the 20-day average closing price of the Company's common stock on the Grant Date (such that 100% appreciation is required for 100% of the PSUs to vest). Each Stock Price Hurdle will be considered achieved only if it is maintained for twenty consecutive trading days during the Performance Period. Each of the five tranches of PSUs will vest on the later of the date that the applicable Stock Price Hurdle is achieved ("Achieved RSUs") or the third, fourth, fifth, sixth and seventh anniversaries of the Grant Date, respectively, subject to Mr. Mills' continued employment with the Company on each respective vesting date, or upon the earlier occurrence of Mr. Mills' death or disability. In the event of a CIC in which the surviving Company does not assume the outstanding Award granted or does not substitute equivalent equity awards, the award will become fully vested.

Supplemental Retirement and Income Benefits

The Company has entered into individual Supplemental Executive Retirement Plans (each, a "SERP") with several of our NEOs. Eligibility to participate in a SERP is limited to senior officers and determined by the Board. Currently, Mr. Mills, Mr. Hall and Mr. Brolly participate in a SERP. The SERPs are unfunded and designed to be nonqualified deferred compensation retirement plans in compliance with Section 409A of the Internal Revenue Code. In October 2019, the Company also entered into an Executive Supplemental Income Agreement ("ESIA") with Mr. Hall.

The Company believes these plans provide an effective long-term retention measure in keeping with an overall competitive compensation strategy aimed at retaining high performance executives. The plans are defined benefit style programs in which the participant is promised a benefit according to a set formula and such benefit is paid to the participant (or his or her beneficiary) in equal annual installments over a specified period of time as outlined in each individual's agreement. Vesting requirements are also outlined in each individual agreement and are tied to the number of years of service of the executive. These plans encourage our executives to remain with the Company for an extended period or until retirement. Additional tables on page 72 provide more details regarding these plans.

Origin Bank Nonqualified Deferred Compensation Plan

On December 7, 2022, the Company's Board of Directors approved the Origin Bank Nonqualified Deferred Compensation Plan (the "DCP"), pursuant to which certain employees, including the NEOs, may elect to participate. Pursuant to the DCP, which became effective January 1, 2023, participants may make deferral elections with respect to their base salary, bonus or stock units. The Company may

make discretionary contributions to the DCP, which contributions will be subject to a vesting schedule. Unless otherwise specified by the Company, such Company contributions will have a 5-year ratable vesting schedule, subject to acceleration of vesting in the case of a CIC or the participant's death, disability or retirement. The Company is not currently making any discretionary contributions to the DCP. Participants may make individual investment elections that will determine the rate of return on their cash deferral amounts under the DCP. Cash deferrals are only deemed to be invested in the investment options selected. The DCP does not provide any above-market returns or preferential earnings to participants, and, with the exception of any Company contributions, the deferrals and their earnings are always 100% vested. Participants may elect at the time they make their deferral elections to receive in-service and/or separation from service distributions, either as a lump sum payment or in substantially equal annual installments over a period of 5 years or 10 years, respectively.

Benefits and Perquisites

We provide our NEOs with certain limited perquisites, including the use of Company cars or car allowance, the payment of life insurance premiums, reimbursement for country club dues and certain other expenses which we believe is consistent with competitive market practice and aids in executive retention.

Executive officers are eligible to participate in the same benefit plans provided to all full-time employees, including health, dental, vision, basic group life and disability insurance. The Company also provides its employees, including executives, with a 401(k) plan, which currently provides an employer match of 50 cents on each dollar of employee contributions up to 6% of eligible compensation. In addition, all employees, including executives, can participate in the Employee Stock Purchase Plan (ESPP), which grants a purchase right consisting of an option to purchase shares at a 15 percent discount.

CIC and Severance Benefits

Our NEOs are generally entitled to certain limited CIC and severance protections. We believe that appropriate CIC and severance protections accomplish two objectives. First, they create an environment where key executives are able to take actions in the best interest of the Company without incurring undue personal risk. Second, they foster management stability during periods of potential uncertainty. The CIC and severance benefits payable to our NEOs are discussed under the heading *"Employment Arrangements, CIC Agreements, and Potential Payments Upon Termination or CIC"* below.

Other Compensation Policies and Information

In addition to adhering to the processes described in the preceding sections, the Compensation Committee maintains a strong corporate governance culture with respect to executive compensation. Over the years it has adopted policies, including those described below, to further align executive compensation with performance and what the Company believes is in the best interest of our stockholders.

Risk Assessment

The Compensation Committee is responsible for overseeing the management of risk related to our executive and non-executive compensation plans. Annually, our Chief Risk Officer prepares a risk assessment of these plans, which includes an analysis of the design and operation of the Company's incentive compensation programs, identification and evaluation of situations or compensation elements that may raise material risks, and an evaluation of controls and processes designed to identify and

manage risk. The Compensation Committee includes this risk assessment in its evaluation and review of the policies and practices of compensating our employees, including executives and non-executive employees. Based on its evaluation, the Compensation Committee concluded that our compensation plans and practices are not likely to create risks that could have a material adverse effect on the Company. The compensation plans and practices are subject to review and modification by the Compensation Committee on an annual basis.

Executive and Director Stock Ownership Guidelines

Directors and executive officers are subject to Stock Ownership Guidelines, which were adopted during the year ended December 31, 2022, and are designed to encourage executive tenure while also further aligning executive's interests with those of stockholders. In this regard, the Board has adopted minimum stock ownership guidelines, which provide that executives and non-employee directors should beneficially own at least the number of shares of common stock of the Company equal to the values specified below:

Title	Multiple of Base Salary	Compliant at December 31, 2022
Chairman and CEO of the Company	5x	yes
President and CEO of Origin Bank	3x	yes
Senior Executive Officers	2x	yes
Executive Vice Presidents	1x	yes
Non-Employee Directors	5x annual cash retainer	yes

Beneficial ownership of shares of common stock shall be determined pursuant to Rule 13d-3 promulgated pursuant to the Securities Exchange Act of 1934, as amended; provided, however, that (i) shares shall be deemed to be beneficially owned notwithstanding a disclaimer of such ownership, (ii) unvested RSAs and RSUs shall be deemed to be beneficially owned, and (iii) neither stock options nor performance-based RSUs shall be included in such calculation.

Executives and non-employee directors will not be considered out of compliance with these stock ownership guidelines prior to attaining sufficient shares to meet the applicable stock ownership guidelines. However, each executive and non-employee director is prohibited from selling shares of common stock unless such individual has attained his or her applicable stock ownership guideline, and each executive and non-employee director is expected to continuously own sufficient shares to meet the applicable guideline once attained (except for shares withheld to pay withholding taxes or the exercise price of options). If an individual falls below the applicable guideline due solely to a decline in the market value of shares of common stock, the individual will not be required to acquire additional shares to meet the guideline, but he or she will be required to retain all shares then held (except for shares withheld to pay withholding taxes or the exercise price of options) until such time as the executive again complies with the applicable guideline.

Clawbacks for Any Restatement; Executive Compensation Recovery Policy

We maintain a Clawback Policy that covers incentive-based compensation for our NEOs. Under this policy, incentive based compensation may be subject to clawback if both (i) the Company is required to file an accounting restatement and (ii) our Board determines that a fraudulent or intentional act or omission of a current or former executive officer contributed to the circumstances requiring the restatement.

Trading Restrictions Regarding Hedging or Pledging of Common Stock

Hedging Transactions. Our Insider Trading Policy does not allow Covered Persons (as defined therein, including directors, officers and employees and certain of their family and household members and controlled entities) to engage in hedging or monetization transactions involving Origin securities, such as prepaid variable forwards, equity swaps, collars and exchange funds, or similar transactions.

Margin Accounts. Covered Persons are not permitted to hold Company securities in a margin account.

Pledged Securities. Under our Insider Trading Policy, Covered Persons are generally discouraged from pledging Company securities as collateral for a loan. A Covered Person who wishes to pledge Company securities as collateral for a loan (not including margin debt) and clearly demonstrates the financial capacity to repay the loan without resorting to the pledged securities may engage in such a transaction with the prior approval of a compliance officer under the policy at least ten business days prior to the proposed execution of documents evidencing the proposed pledge.

(1) The amounts shown in this column represent STIP payouts which are earned for performance in the year shown and were determined based on the achievement of certain Company performance goals, specific individual goals, objectives and Company risk management goals. For more information about our annual incentive awards, see *Short-Term Incentive Plan*. Achievement of 2022 incentives was finalized at the Compensation Committee meeting in February 2023.

(2) The amounts paid to Mr. Wallace and Mr. McGee reflect sign-on bonuses paid in conjunction with their employment offers. Mr. Moore's bonus was to recognize him for his significant contribution and outstanding efforts related to PPP.

(3) The amounts shown in this column reflect RSUs and PSUs granted to the NEOs and are disclosed as the aggregate grant date fair value of the awards. For additional information on our calculation of stock-based compensation and relevant assumptions, please refer to the Note 14 to our audited financial statements for the fiscal year ended December 31, 2022, included in our Annual Report on Form 10-K. For PSUs, other than the CEO One-Time Award, the grant date fair value is calculated using the target number of PSUs awarded, which was the assumed probable outcome on the grant date. Assuming, instead, the highest level of performance achievement on the grant date, the aggregate grant date fair value of the awards would have been as follows: Mr. Mills \$313,390, Mr. Hall \$187,497, Mr. Brolly \$118,058,

EXECUTIVE COMPENSATION TABLES

Mr. McGee \$168,693, and Mr. Moore \$118,058. The fair value of the CEO One-Time Award was determined using a Monte-Carlo Simulation as the award has graded vesting requirements based upon the achievement of certain market conditions. Assuming, instead, the highest level of performance achievement on the grant date, the aggregate grant date fair value of the CEO One-Time Award would have been \$4,783,329.

- (4) Includes the change in the present value of the accumulated benefits under the SERP and ESIA, which is a non-cash amount that can vary from year to year based upon the underlying assumptions. Assumptions such as discount rate, retirement age and mortality age are reviewed annually by the Company and are intended to be individually appropriate.
- (5) The amounts shown in this column for 2022 are composed of the amount of perquisites and other compensation described in the table below.
- (6) Mr. Wallace was not a NEO during 2021 or 2020.
- (7) Mr. McGee was not a NEO during 2021 or 2020.

Supplemental Executive Retirement Plan and Executive Supplemental Income Agreement

The SERP is limited to eligible executive employees as determined by our Board. The intent of the Company is to assist NEOs with meeting retirement needs while providing an overall total compensation and benefits package that aligns pay with performance and is competitive in the market. The terms “Cause,” “Good Reason,” “CIC,” “Separation from Service” and “Accrued Liability Retirement Balance” are defined in the respective employment agreements with each NEO. Messrs. McGee, Moore and Wallace do not have either a SERP or an ESIA.

(1) Please see Note 15 - Employee Benefit Plans in the Notes to the Consolidated Financial Statements in the 2022 Annual Report on Form 10-K for more information.

(2) The present value of accumulated benefit for Mr. Mills is calculated using annual installments of \$264,040 in the first year after retirement, with an annual 1.5% cost of living adjustment (“COLA”) increase, based upon the MP-2015 mortality tables, and paid until death.

(3) The present value of accumulated benefit is calculated at December 31, 2022, based on 25% of Mr. Brolly’s current base salary at age 65, using a three percent discount rate and is payable over 15 years. For purposes of the present value calculation, the salary at December 31, 2022, was used.

(4) The present value of accumulated benefit for Mr. Hall is calculated using annual installments of \$118,939 in the first year after retirement, with an annual 1.5% COLA increase, based upon the MP-2015 mortality tables, and paid until death.

(5) The present value of accumulated benefit is calculated at December 31, 2022, based on 10% of Mr. Hall’s salary at distribution age (60) using a three percent discount rate and is payable over six years. For purposes of the present value calculation, the salary at December 31, 2022, was used.

Mr. Mills’ SERP, the Amended and Restated Executive Salary Continuation Plan, effective May 1, 2008, provides for certain benefits in connection with his retirement or a CIC. Upon attainment of his retirement date, which is the later of the date when he attains the age of 65 or his separation from service, Mr. Mills will receive an annual benefit of \$264,040 that will increase by 1.5% each year, paid in equal installments until Mr. Mills’ death. Subject to the terms of the plan, if Mr. Mills dies, his designated beneficiary will receive the Accrued Liability Retirement Balance in a lump sum. If Mr. Mills’ employment terminates voluntarily or without Cause prior to the age of 65, Mr. Mills will receive, over three annual installments, an amount equal to the balance, on the date of his termination, of the Accrued Liability Retirement Balance. In the event Mr. Mills becomes disabled prior to retirement, he will receive all of his Accrued Liability Retirement Balance in a lump sum thirty days following his disability. Upon a CIC, Mr. Mills will receive such benefit as if he had been continuously employed and retired at the age of 65 and payments will commence on the first day of the month following the date Mr. Mills turns 65. If Mr. Mills is terminated for Cause at any time, notwithstanding any other provision in the plan to the contrary, he will forfeit all benefits under the plan and the plan will terminate.

Mr. Brolly's SERP effective July 01, 2018, provides for certain salary continuation benefits. If Mr. Brolly experiences a Separation from Service after the age of 65, he will be entitled to an annual payment for 15 years equal to 25% of his base salary when he was 65 (the "Retirement Benefit"). If Mr. Brolly dies before reaching 65, he will not receive any benefit, but if he dies after attaining the age of 65, any remaining payments for the Retirement Benefit will be paid to his beneficiary. If Mr. Brolly voluntarily terminates his employment, is involuntarily terminated without Cause or for Good Reason or becomes disabled, he will receive the vested benefit of the Accrued Liability Retirement Balance as of the effective date of termination or disability in one lump sum payable within thirty days. If a CIC followed within two years by Mr. Brolly's Separation from Service, Mr. Brolly will be entitled to a lump sum payment within 30 days of termination equal to the present value of the Retirement Benefit. Mr. Brolly's interest in such payments will vest 10% for each year of service from August 17, 2018. In certain limited circumstances, Mr. Brolly may be permitted to draw on his benefit early.

Mr. Hall's Section §409A Amended & Restated Executive Salary Continuation Agreement, effective January 1, 2005, will pay, upon Mr. Hall's retirement on or after he attains the age of 65 ("Hall Retirement Date"), an annual benefit of \$118,939 that will increase by 1.5% each year, paid in equal installments until Mr. Hall's death. If Mr. Hall dies while actively employed by the Bank or prior to the Hall Retirement Date, his designated beneficiary will receive the Accrued Liability Retirement Balance in a lump sum. If Mr. Hall is terminated without Cause or resigns prior to the age of 65, Mr. Hall will receive, as severance compensation over 15 annual installments, an amount equal to the accrued balance with interest, on the date of his termination, of Mr. Hall's liability reserve account. Upon a CIC, if Mr. Hall is terminated, except for Cause, he will receive the annual benefit as if he had retired at the age of 65. If Mr. Hall is terminated for Cause at any time, notwithstanding any other provision in the plan to the contrary, he will forfeit all benefits under the plan.

The Company entered into an ESIA agreement with Mr. Hall, effective October 29, 2019, which provides for an annual amount equal to ten percent of Mr. Hall's annualized base salary, beginning at the age of 60. The annual payments will begin within thirty days following Mr. Hall attaining the age of 60 and continue annually for six years. If Mr. Hall dies before 60, he will not receive any benefit, but if he dies after attaining the age of 60, any remaining payments will be paid to his beneficiary. If Mr. Hall is terminated involuntarily without Cause or experiences a Separation from Service for Good Reason or becomes disabled, he will receive 100% of the Accrued Liability Retirement Balance as of the effective date of the termination or disability. If Mr. Hall experiences a voluntary Separation from Service, he will receive the vested benefit of the Accrued Liability Retirement Balance as of the effective date of termination. Mr. Hall's interest, prior to turning 60, shall vest based on each fully completed year of service after the effective date of the ESIA during which he is employed full-time with the sixth year of vesting being the first year in which Mr. Hall's interest will become partially vested. If Mr. Hall experiences an involuntary Separation from Service within 24 months following a CIC, other than for Cause, he will be paid the present value of the benefit provided under the plan in one lump payment within thirty days following his termination. In certain limited circumstances, Mr. Hall may be permitted to draw on his benefit early.

(1) On February 27, 2020, the Bank entered into an Amended and Restated Endorsement Split Dollar Life Insurance Agreement that replaced the Endorsement Method Split Dollar Life Insurance Agreement, dated October 29, 2019. The February 27, 2020 restatement was executed to correct the death benefit to a \$1,500,000 payment as approved by the Board in 2019.

Mr. Mills has (i) an Amended and Restated Life Insurance Endorsement Method Split Dollar Plan Agreement, effective February 7, 2001, with the Bank (the "2001 Agreement"), and (ii) an Amended and Restated Life Insurance Endorsement Method Split Dollar Plan Agreement, effective May 1, 2008, with the Bank. Under both agreements, Origin Bank has agreed to pay the premiums under life insurance policies issued with respect to Mr. Mills, and his designated beneficiaries will be entitled to 65% of the net-at-risk insurance portion of the proceeds upon his death. Under the 2001 Agreement, upon a Change of Control, if Mr. Mills is subsequently terminated without Cause, his designated beneficiaries will be entitled to the benefits under the 2001 Agreement as if he had died while employed by the Bank. On February 27, 2020, the Bank entered into an Amended and Restated Endorsement Split Dollar Life Insurance Agreement with Mr. Mills (the "2020 Agreement") that amended and restated the Endorsement Method Split Dollar Life Insurance Agreement, dated October 29, 2019. The 2020 Agreement provides, upon Mr. Mills' death, Mr. Mills' beneficiary will be entitled to insurance proceeds of \$1,500,000 unless (i) Mr. Mills is terminated for Cause or (ii) Mr. Mills is subject to a final removal or prohibition order issued by an appropriate federal banking agency of the Federal Deposit Insurance Act. The Bank owns the policy and will be the beneficiary of any remaining death proceeds after Mr. Mills' interest is determined. No benefit will be paid under the 2020 Agreement if (i) Mr. Mills commits suicide or (ii) if the insurance company denies coverage in certain instances.

Mr. Brolly has an Endorsement Split Dollar Life Insurance Agreement, effective July 13, 2018, with the Bank. - (2) Upon termination of employment for death, disability or retirement, Mr. Hall will be paid a prorated STIP bonus based on his actual performance for the year. For the purpose of this calculation, the value reported is the full year STIP bonus amount paid to Mr. Hall for 2022.

The annual payments will begin within thirty days following Mr. Hall turning 60 and continue annually for six years. - (10) Represents 80% of the net-at-risk insurance portion of the proceeds at December 31, 2022. The net-at-risk insurance portion is the total proceeds less the cash value of the policy, which will be paid in a lump sum upon Mr. Hall's death.

- (15) Company policy provides that, upon termination, all employees are paid for any accrued but unused PTO. The PTO amount above is based on 2022 accrued and unused PTO hours at December 31, 2022, times Mr. Hall's hourly rate.

CEO Pay Ratio

Pursuant to a mandate of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the SEC adopted a rule requiring annual disclosure of the ratio of the annual total compensation of the Principal Executive Officer ("PEO") to the annual total compensation of its median employee, other than the PEO.

Median employee total annual compensation (other than the PEO)	\$ 81,268
Total annual compensation of Drake Mills, our PEO	10,218,272
Ratio of PEO to median employee compensation	126:1

The pay ratio above represents the Company's reasonable estimate calculated in a manner consistent with SEC rules based on our internal records and the methodology described below. Applicable rules and guidance provide flexibility in how companies identify the median employee and other companies may use different methodologies or make different assumptions.

We took the following steps to identify the median of the annual total compensation of all our employees and to determine the annual total compensation of our median employee and PEO:

- The median employee was identified for 2022 based on the employee population of 907 on December 31, 2022, which consisted of all full-time, part-time, temporary, and seasonal employees employed on that date, excluding 115 employees of BTH Bank, which we acquired during 2022 in a transaction that closed on August 1, 2022.
- To find the median of the annual total compensation of all our employees (other than our PEO), we used wages from our payroll records as reported to the Internal Revenue Service on Form W-2 for the fiscal year 2022. In making this determination, we annualized the compensation of full-time and part-time permanent employees who were employed on December 31, 2022, but who did not work for us the entire year. No full-time equivalent adjustments were made for part-time employees.
- We identified our 2022 median employee using this compensation measure and methodology, which was consistently applied to all employees who were included in the calculation. In order to determine the median employee, we then reviewed the employee list based upon a ranking of the total cash compensation of all employees other than our PEO.
- We calculated the median employee's total annual compensation figure by aggregating the value of all wages, cash incentives, equity incentives, Employee 401(k) employer contributions and any applicable perquisites earned or paid in 2022 in the same manner as we calculated the total annual compensation of our PEO for purposes of the Summary Compensation Table.
- With respect to the annual total compensation of our PEO, we used the amount reported in the "Total" column of our 2022 Summary Compensation Table.

During 2022, our PEO received stock awards with an aggregate grant date fair value of \$8.6 million, of which \$8.2 million represented two one-time awards in conjunction with the Company's efforts to more evenly match the PEO's pay to the Company's performance and are part of the Company's LTIP. Without these one-time awards, the PEO's annual compensation would have been \$2.0 million with a ratio of PEO to median employee compensation of 1:30. We believe, on a normalized basis, our compensation philosophy and process yield an equitable result.

Pay Versus Performance (“PVP”)

As determined under the Securities and Exchange Commission rules, and provided in the table below, the Company must describe the relationship between the “compensation actually paid” to our CEO, who is our principal executive officer, as well as the average compensation actually paid to our non-CEO NEOs, and the following key financial metrics for the years ended December 31, 2022, 2021 and 2020, including:

- Company Total Shareholder Return (“TSR”);
- Peer group market capitalization weighted total shareholder return;
- Company net income; and
- A Company-selected performance measure that is the most important measure used to link “compensation actually paid” to our CEO and NEOs for 2022, which we determined to be ROAA.

Compensation Actually Paid (“CAP”), as determined under SEC requirements, does not reflect the actual amount of compensation earned by or paid to our executive officers during a covered year.

The following were the most important financial performance measures, as determined by the Company, that link CAP with the Company’s performance in the most recently completed fiscal year:

Year	Summary Compensation Table (“SCT”) Total for CEO \$	Compensation Actually Paid to CEO ⁽¹⁾ \$	Average SCT Total Compensation for Non-CEO NEOs \$	Average Compensation Actually Paid to Non-CEO NEOs ⁽²⁾ \$	Value of Initial Fixed \$100 Investment ⁽³⁾ based on:

(1) Drake Mills served as CEO & President of Origin Bancorp, Inc. for each of the years presented in the table.

(2) The Named Executive Officers for each of the years presented in the table were as follows: for 2022, William Wallace, IV, M. Lance Hall, Stephen Brolly, Derek McGee and Preston Moore; for 2021, Stephen Brolly, M. Lance Hall, Jim Crotwell and Preston Moore; for 2020, Stephen Brolly, M. Lance Hall, Cary Davis and Preston Moore;

(3) Cumulative TSR assumes an initial investment of \$100 at the market close on December 31, 2019, in OBNK common stock and in the common stock of companies within our peer group. TSR for OBNK stock was (25.47)% in 2020, 56.45% in 2021 and (13.30)% in 2022, for a cumulative three-year TSR of 1.09%. A \$100 investment in OBNK stock on December 31, 2019, would be valued at \$101.09 at December 31, 2022, which slightly underperformed our peers as measured by the Nasdaq OMX ABA Community Bank. The peer group used for this purpose is the Nasdaq OMX ABA Community Bank.

EXECUTIVE COMPENSATION TABLES

For each of the years presented in the PVP table, CAP to Mr. Mills was calculated in accordance with SEC regulations. The dollar amounts do not reflect the actual amount of compensation earned by or paid to Mr. Mills during the applicable year. To calculate CAP for Mr. Mills, the following amounts were deducted from or added to the SCT total compensation:

Compensation Actually Paid	\$10,110,197	\$5,251,965	\$(167,745)

(1) We used a Monte-Carlo Simulation to determine the grant date fair value of the 129,735 CEO One-Time Award PSUs granted on December 13, 2022, that may vest based on the achievement of five pre-established stock price hurdles during a seven-year performance period. We used the grant date fair value as the fair value at December 31, 2022, due to the fact that the stock price did not change significantly from the date of grant. We remeasured the fair value of the PSUs awarded under the LTIP during 2022, which is subject to performance conditions based on actual performance during the three-year performance period. The grant date fair value was based on the assumed probable outcome at target. We remeasured the fair value of such awards at December 31, 2022, based on the expected payout resulting from the company's actual performance and the closing price of company common stock. We remeasured the fair value of the RSUs and RSAs at each fiscal year end by multiplying the closing market price of our common stock on the last trading day of the year by the number of shares or units that have not vested.

(2) The fair value of the stock options was determined using the Black-Scholes model. The assumptions used in calculating the fair value of the stock options were shown below:

	Options Granted on January 1, 2005		Options Granted on October 1, 2011	
	December 31, 2019	December 31, 2020	December 31, 2019	December 31, 2020

EXECUTIVE COMPENSATION TABLES

The average CAP to the non-CEO NEOs for each of the years presented in the PVP table, was calculated in accordance with SEC regulations. The dollar amounts do not reflect the actual amount of compensation earned by or paid to non-CEO NEOs during the applicable year. To calculate average CAP for non-CEO NEOs, the following amounts were deducted from or added to the SCT total compensation:

(1) We remeasured the fair value of the PSUs awarded under the LTIP during 2022, which is subject to performance conditions based on actual performance during the three-year performance period. The grant date fair value was based on the assumed probable outcome at target. We remeasured the fair value of such awards at December 31, 2022, based on the expected payout resulting from the company's actual performance and the closing price of company common stock. We remeasured the fair value of the RSUs and RSAs at each fiscal year end by multiplying the closing market price of our common stock on the last trading day of the year by the number of shares or units that have not vested.

PROPOSAL 2: ADVISORY VOTE ON THE SAY-ON-PAY PROPOSAL

Proposal Snapshot

What am I voting on?

Stockholders are being asked, as required by Section 14A of the Exchange Act, to approve, on an advisory basis, the compensation of the NEOs for 2022 as described in the “*Compensation Discussion and Analysis*” section beginning on **page 47** and the “*Executive Compensation*” section beginning on **page 66**.

Voting recommendation:

FOR the advisory vote to approve executive compensation. The Compensation Committee takes its stewardship responsibility to oversee the Company’s compensation programs very seriously and values thoughtful input from stockholders. The Compensation Committee will take into account the outcome of the advisory vote when considering future executive compensation decisions.

This proposal, commonly known as a “Say-On-Pay” proposal, gives our stockholders the opportunity to express their views on our NEO compensation as a whole. This vote is not intended to address any specific item of compensation or any specific NEO, but rather the overall compensation of all of our NEOs and the philosophy, policies and practices described in this proxy statement.

The compensation of our NEOs subject to the vote is disclosed in the Executive Compensation Tables and the related narrative disclosure contained in this proxy statement. As discussed in those disclosures, we believe that our compensation policies and decisions are focused on ensuring management’s interests are aligned with our stockholders’ interests to support long-term stockholder value creation. Compensation of our NEOs is designed to enable us to attract and retain talented and experienced executives to lead us successfully in a competitive environment.

Accordingly, we ask our stockholders to indicate their support for the compensation of our NEOs as described in this proxy statement by casting a non-binding advisory vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the stockholders hereby approve, on a non-binding advisory basis, the compensation of our named executive officers as reflected in this proxy statement and as disclosed pursuant to Item 402 of Regulation S-K, including the compensation discussion and analysis, the compensation tables, narratives and all related material.”

Because your vote is advisory, it will not be binding upon the Board. However, the views expressed by our stockholders, whether through this vote or otherwise, are important to our management and Board. Our Compensation Committee intends to consider results of this vote when evaluating our compensation policies and practices in the future.

PROPOSAL 2: ADVISORY VOTE ON THE SAY-ON-PAY PROPOSAL

Advisory approval of this Proposal 2 requires that the proposal receive “For” votes from the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the matter at the Annual Meeting that cast votes with respect to this Proposal 2. Abstentions and broker non-votes will count towards a quorum, but will have no effect on the outcome of this Proposal 2.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE **“FOR”** THE
ADVISORY VOTE TO APPROVE OUR EXECUTIVE COMPENSATION.

PROPOSAL 3: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Proposal Snapshot

What am I voting on?

Stockholders are being asked to ratify the appointment of FORVIS, LLP, formerly BKD, LLP, to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2023. Although the Audit Committee has the sole authority to appoint the independent registered public accounting firm, as a matter of good corporate governance, the Board submits its selection of the independent registered public accounting firm to our stockholders for ratification. If our stockholders should not ratify the appointment of FORVIS, LLP the Audit Committee will reconsider the appointment.

Voting recommendation:

FOR the ratification of the appointment of FORVIS, LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2023.

FORVIS, LLP has been approved by the Audit Committee of the Company to be the independent registered public accounting firm of the Company for the 2023 fiscal year and their predecessor company, BKD, LLP, has served as the Company's auditors since 2016. The Company has been advised by FORVIS, LLP that neither it nor any of its members had any financial interest, direct or indirect, in the Company nor has FORVIS, LLP, had any connection with the Company or any of the Company's subsidiaries in any capacity other than as an independent registered public accounting firm. Stockholder ratification of the appointment of FORVIS, LLP as the Company's independent registered public accounting firm for the 2023 fiscal year is not required by the Company's Bylaws, state law or otherwise. However, the Board is submitting the appointment of FORVIS, LLP to the Company's stockholders for ratification as a matter of good corporate governance. Delinquent Section 16(a) Reports

Section 16(a) of the 1934 Act requires the Company's directors and certain officers, as well as persons who beneficially own more than 10% of the outstanding shares of our common stock, to file reports regarding their initial stock ownership and subsequent changes to their ownership with the SEC. Based solely on a review of the reports filed for the fiscal year ending December 31, 2022, and related written representations, we believe that all Section 16(a) reports were filed on a timely basis, except for one late filing of a Form 4 reporting four sale transactions required to be filed by Jay Dyer between August 26, 2022, and August 31, 2022, which Form 4 was filed delinquent on September 7, 2022, due to an administrative error.

ANNUAL REPORT ON FORM 10-K

Our financial statements for the fiscal year ended December 31, 2022, are included in our Annual Report on Form 10-K, which was filed with the SEC on February 22, 2023. Our annual report and this proxy statement are posted on our website at www.origin.bank and are available from the SEC at its website at www.sec.gov. **You may also obtain a copy of our annual report and any exhibits thereto without charge by sending a written request to Investor Relations, Origin Bancorp, Inc., 500 South Service Road East, Ruston, Louisiana 71270.** The Annual Report on Form 10-K includes financial statements required to be filed with the SEC pursuant to the Exchange Act for the fiscal year ended December 31, 2022, and the report thereon of FORVIS, LLP, formerly BKD, LLP, the Company's independent registered public accounting firm. The annual report is not incorporated into this proxy statement and is not considered proxy-soliciting material.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy materials with respect to two or more stockholders sharing the same address by delivering a single set of proxy materials addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means additional convenience for stockholders and cost savings for companies by reducing printing and postage costs.

This year, we expect that a number of brokers with account holders who are stockholders will be “householding” the Company’s proxy materials. If you have received a notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. Stockholders should contact their brokers if they currently receive multiple copies of the Notice or of printed proxy materials at their addresses and would like to request “householding” of their communications or, alternatively, if such stockholder no longer wishes to participate in “householding” who would prefer to receive separate copies.

A single Notice or, if applicable, a single set of printed proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received by the Company from the affected stockholders. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Notice or set of printed proxy materials, please direct your written request to Corporate Secretary, at 500 South Service Road East, Ruston, Louisiana 71270, or contact the Company at (318) 255-2222.
